

CORRESPONDENT'S ADVICE

ARGENTINA

01 OCT 2021

COVID-19 update

The following information was received from our correspondent on 01 October:

QUOTE

Please note that whilst the State of Sanitary Emergency remains in place - in principle until 31st December 2021 - the Government has enacted a series of regulations to flexibilise the current restrictions associated with the Covid19 pandemic as of 1st October 2021.

In relation to the ship's operations, please note that the National Protocol enacted by the Crisis Committee remains in place together with the pre-arrival information/documentation requested and quarantine criteria depending on ship's previous ports of call, transit time and crew changes (Please download the AMENDED PROTOCOL [HERE](#)).

Currently the borders continue to be closed, even though some exemptions have been included for neighbour countries' nationals and residents as of 1st October. As of 1st November the borders will open to foreigners in general, provided that migration and sanitary requirements / protocols are met. **As of 20th October 2021 foreign crew changes will be admitted.**
