4 May 2020

Coronavirus, COVID-19

The following information was received from our correspondent on 4 May:

QUOTE

Covid -19. Present situation in Ukrainian ports'

Quarantine in Ukraine is prolonged till 11 May 2020, as well as air communication with other countries.

The cargo customs stations, including ones located in Ukrainian ports operate in ordinary regime. All merchandizes which move to/from Ukraine are not affected by the restrictions.

Crewmembers are not allowed to leave the vessels. Surveyors and other parties are allowed to enter the ships on business purposes.

International crew change is stopped.

Despite the fact that the crew members are not allowed to come ashore, in case of emergency medical assistance agents have to apply in writing to the sanitary inspection and immigration office for obtaining the permission.

We will keep you informed on further development.
