Update

Business Development

Significant growth of the portfolio

The Club insures around 1,300 vessels (55 million GT) for FD&D risks. The Club's ambition is to continue the growth and to market the FD&D insurance to prospective P&I members. The FD&D insurance continues to be an important relationship builder that can assist the Club to expand its business generally.

The Team

The Club employs fourteen lawyers, including six qualified English solicitors. The Club's lawyers are integrated in the geographical teams and thus have immediate access to the Club's collected expertise. The Club's lawyers are therefore well suited to deal with today's multidimensional legal disputes.

Claims Trend

As of 5 November 2020, the Club was assisting its members in 751 claims registered so far in 2020, which is a reduction of about 20% compared with the same period during 2019. About one third of all open claims are general legal advisory i.e. they do not involve actual disputes. However, the "tail" for FD&D claims is long in that claims reserves are increased as the claim develops. As a result, the true claims pattern for 2020 will be more apparent in 2-3 years' time but at this moment, frequency and average claim cost is estimated to be in line with previous years.

FD&D call history

There has never been any supplementary call since the start of the Club providing FD&D coverage in 1984. The general increases for the last five years have been as follows:

Year	General Increase
2016/2017	0%
2017/2018	0%
2018/2019	0%
2019/2020	0%
2020/2021	0%

Enhanced services to members

The Association wishes to remind its Members about its cooperation with ICC's International Maritime Bureau. This cooperation enables the Association's FD&D members to check prospective business partners against a comprehensive fraud and malpractice database. This does not only add value for Members but may also reduce the risk for legal disputes.

Yours faithfully,

Lars Rhodin
