

## Vaccination for Seafarer, transiting Denmark

It is with great pleasure that we can announce that from next week (37) it will be possible for seafarers transiting Denmark to receive a single jab of Johnson&Johnson's COVID-19 vaccine.

We will be able to offer COVID-19 vaccinations in below three scenarios:

- 1) Jab to seafarers arriving for Visa On Arrival at Copenhagen who are traveling onwards in the Schengen area
- 2) Jab a full crew while the vessel is calling a Danish port or passing the Danish Straits either out- or inbound
- 3) Jab seafarers joining or disembarking at Skaw, Kalundborg, Gedser or Copenhagen

If above is of any interest kindly let us know and we will make all necessary arrangements
