"Russia-Ukraine Conflict" Notification update dd. 02.03.2022 (UTC+)

Armed hostilities are still conducted in many regions of Ukraine. Heavy fighting take place near the cities Kiev, Kharkov, Mariupol. According to recent news large Russian forces landed near Nikolayev.

Nikolayev area may be one more hotbed of intense fighting. Some sources report that Kherson city is partly under the control of Russian troops. In Odessa the situation is more or less stable. Within the last three days Russian landing forces were expected in Odessa.

There are indications that Belarus troops are ready to cross Ukrainian north border.

It is absolutely obvious that in the circumstances **all Ukrainian ports are still closed for inward/outward passages.**
