2018-008-Measles Outbreak-Global

1. Reference: Centers for Disease Control Travel Health Alert Notice on Measles: (<https://go.usa.gov/xQU8G>).
2. Issue: The Center for Disease Control (CDC) issued a Travel Health Alert Notice regarding Measles Outbreaks in Africa, Asia, Europe and the Pacific. Measles remains a common disease in many parts of the world, including areas in Africa, Asia, Europe, and the Pacific. Worldwide, 19 cases of measles per 1 million persons are reported each year; about 89,780 die. In the United States, most of the measles cases result from international travel.
3. Guidance: U.S. maritime industry stakeholders are advised to follow CDC guidelines for vaccinations. Further updates will be provided through the Centers for Disease Control and Prevention website at: <https://go.usa.gov/xQU8G>.
4. Contact Information: Any questions regarding this advisory should be directed to the CDC at: <https://wwwn.cdc.gov/dcs/contactus/form>.
5. Cancellation: This advisory will automatically expire on November 13, 2018.
