

With you
at all times

For 150 years The Swedish Club has been committed to a strategy based on prudent pricing, long-term relationships and effective risk management.

A pioneer in providing comprehensive 'all-in-one' insurance solutions and proactive loss prevention expertise, the Club has always been flexible and innovative.

Today, we deliver on our environmental, social and governance (ESG) responsibilities through the quality of our people, the way we do business and the trust shown in us by our members.

Welcome to The Swedish Club

The Swedish Club is with you at all times, providing a full range of insurance solutions for every area of your business, from essentials such as P&I, Marine, FD&D, Energy, and Offshore insurance, through to specialist insurance products such as Kidnap and Ransom, and War Risks.

We have a long tradition in marine insurance, paired with the Swedish values of flexibility, openness and responsibility.

When you become part of The Swedish Club, you can expect world-class claims handling and adjusting, including fast and effective claims settlements.

We have a strategic local presence with a global reach and deliver market-leading loss prevention initiatives.

We offer the business attributes you expect, such as a stable financial rating, and healthy free reserves. The Swedish Club team takes pride in working in close cooperation with members, brokers and business partners worldwide.

Wherever you are and whenever you need us

As a member you can rely upon full service 24 hours a day, seven days a week and 365 days a year. We really are with you at all times, and our members constantly return a vote of confidence in the efficiency of our claims management and the quality of the service levels and care that we provide them.

Our team

Professionalism and passion drive our people. Our team is made up of experts from various backgrounds and nationalities, with a wide range of competences. Lawyers, master mariners, naval architects, marine engineers, and adjusters are all at your service. All are united by a deep understanding of our members' needs and have the depth of expertise and the breadth of experience to ensure those needs are fully met and expectations exceeded.

The Swedish Club delivers first class service from its headquarters in Gothenburg and from offices in Piraeus, London, Oslo, Hong Kong, Singapore, and Hiroshima.

The all-in-one club

Protection and Indemnity

The Swedish Club is a member of the International Group of P&I Clubs and offers full mutual P&I cover on a Group basis.

The Club's strategy is to provide long-term stability in pricing which will enable shipowners to budget future costs for P&I cover. We offer P&I insurance to owners as well as charterers and offer our members a wide range of additional and customised cover to complement their basic P&I insurance.

Freight Demurrage and Defence

The Swedish Club has offered FD&D cover since 1984 and it is usually provided in conjunction with P&I insurance.

A member covered for FD&D has direct access to the Club's FD&D lawyers for advice and assistance even if no dispute has arisen. If in the case of dispute, external lawyers need to be instructed, our philosophy is to appoint individuals rather than firms, in order to obtain the particular expertise required, and we will manage the case for you.

Energy and Offshore

From our office in Oslo, Norway, the Club writes a wide range of insurance cover including H&M, Interest and Loss of Hire for Mobile Offshore Units and FPSOs.

Team Norway also handles the Club's marine insurance activities for Norwegian and international Offshore Service Vessels, with risks written on recognised international hull conditions.

Kidnap and Ransom

The Swedish Club's Kidnap & Ransom insurance protects your organisation against the financial loss that can arise when a crew and/or vessel is seized or detained for ransom. We also provide access to Kidnap & Ransom experts and other consultants who will assist to resolve the incident successfully.

Increased Value Insurance and Freight Interest Insurance

This product covers against total loss of the insured vessel and is an extension of the H&M cover, activated only if the vessel is a total loss or a constructive total loss.

Hull and Machinery

Good relationships and close cooperation with our members are the hallmarks of our H&M claims handling process. We can offer on-site assistance from our in-house surveyor and/or technical experts, while claims are generally adjusted by our team of in-house adjusters, offering time and cost benefits both to you and the Club.

War Risks

War perils are typically excluded under standard H&M conditions. The Swedish Club offers owners and charterers comprehensive worldwide war risk cover based on the war conditions associated with the entry for H&M conditions.

Loss of Hire and Delay Cover

The Swedish Club's Loss of Hire insurance will protect against an unexpected shortfall in earnings due to physical damage to a vessel, which can prove useful to an owner operating on tight margins.

Our commitment to you

The Swedish Club has been a marine insurance provider since 1872. As a mutual organisation our relationship with our members and business partners is based on trust. We have our members' best interests at heart at all times – we always have had, and we always will do.

We are owned, self-managed and under the direct control of our members. These members make up an international community of front rank shipowners, who believe that quality comes first. Every member has met our demanding conditions of entry. These standards cannot be met without total commitment to quality.

In return we provide insurance services of the highest quality; our members' premiums do not subsidise owners operating at lesser standards. All strategic decisions are taken by a Board of Directors, and this is drawn from our members.

Our guiding principle in all things is a guarantee of fair and equitable treatment. This extends from the assessment of risk to the fixing of premiums and the settling of claims.

Our core values guide us in everything we do

We are:

- Proactive in our approach and respond in a forward thinking way.
- Reliable in our values, delivering honesty and fair treatment.
- Highly committed in everything we do and offer our business partners respect and professionalism.

Proactive loss prevention

The Swedish Club has built a reputation for leading the field in loss prevention. Our latest initiatives are personalised, targeted, and anticipate incidents before they occur.

We can achieve this because the Club's members operate as a real community, actively engaged in sharing operational experience in the crucial areas of marine safety and loss prevention. Our goal is to minimise the direct cost and frequency of claims, to reduce risk exposure and to contribute towards an enhanced safety culture.

Loss prevention is at the heart of everything we do, saving lives, protecting the environment and delivering onboard efficiencies.

Our loss prevention initiatives cover:

Online support

- Webinars
- Online Loss Prevention Training

Training

- Emergency Response Training
- Monthly Safety Scenario
- Maritime Resource Management (MRM)
- The Swedish Club Philippine Pre-Engagement Medical Examination (PEME)
- Swedish Club Operations Review (SCORE)
- Awareness campaigns

Additional information

- Member Alerts
- Loss prevention publications
- Loss prevention guidance

TELP: Trade Enabling Loss Prevention

Our mission is to enable our members to trade – we are here to help you. The Swedish Club's TELP programme combines technology with years of claims experience, helping your vessels safely chart their way through high-risk areas around the globe.

We track every vessel we insure, match this information with our own statistics and records, and provide individual members and their vessels with real-time, tailored advice as they approach high-risk areas.

Whatever type of insurance cover you have with us, as an all-in-one insurance provider, we offer Trade Enabling Loss Prevention to all our members free of charge.
