

# Seafarers' health and access to healthcare study

## **SEAFARERS' HEALTH AND ACCESS TO HEALTHCARE ARE IMPORTANT TO US!**

Because they are important, we are undertaking a study which will assist ports, employers and governments in improving healthcare for working seafarers employed in the cruise and the cargo sectors.

If you are a seafarer who is regularly employed to work on cargo and/or cruise ships then we need your help. To make the research as representative as possible we would very much like to hear from you. For more information about the study please scan the following QR code.
